"Manos del Uruguay's" beautiful hand-spun, hand-dyed yarns are now available in the UK exclusively from Artesano. "Manos" was founded in 1968 by a group of women trying to find the way to promote economic and social development in Uruguay's rural areas.

The craftswomen are the owners of "Manos" and have set up a non-profit organisation with the objective of generating employment for rural women, allowing them to stay in their home towns, earn their living and develop their communities.

**Important:**

We recommend buying enough yarn to complete a project. If there is a great difference between skeins, we recommend knitting two rows from one skein and two rows from another skein to give an overall blended effect.

This design must not be knitted for resale. Reproduction in whole or part is strictly forbidden unless prior consent has been given in writing.
